## STEP 8: EXCHANGE TRAINING

- Using this feature, registrants may exchange training courses that take place on the **same dates/times only** and for the same monetary value until **Jul. 14**. Blended and courses with prerequisites or pre-assessments may not be exchanged using this function as they require attestation that you have read and agree to the course terms. Please contact Customer Response if you require support.
- From the **YOUR NTI SCHEDULE | MY COURSES** page, click on **EXCHANGE TRAINING**

### My Courses

- From within the exchange function, select the course you are registered for that you want to exchange. Select the new course you want to switch into. Click the **SUBMIT** button at the bottom of the page to make the exchange.
- Once the exchange is done, go back to your **MY COURSES | YOUR NTI SCHEDULE** to verify the change is reflected and accurate.

### Exchange 3-day Mon.-Wed. In-Person courses

Exchange training is applicable only for courses that match the same day(s).

1. Select the EXISTING course that you no longer want to remain enrolled in.
2. Select the new REPLACEMENT course.
3. Courses which are full will be greyed out and not available for enrollment.
4. Click the Submit button to finalize your exchange.
5. Once you have successfully exchanged your course return to your [MY COURSES PAGE](#) to review your revised schedule.

<input type="checkbox"/> 3-day Mon.-Wed.: NR121: Measuring the Impacts of Your Revitalization Work (same as CB200)	05/23/2022, 11:30 AM	14	<b>NR121/old</b> Maybe you know the neighborhood is looking better, more people are getting involved in community activities, and you have a sense that things are getting better. But how do you really know you are achieving the results you intend? Are you able to leverage your experience, to learn from your work to improve the design and implementation of your programs and strategies? This is a new, fully integrated evaluation and measurement course. Join us and learn about logic models, theories of change, participatory evaluation, and evaluation design and implementation—including assessment of your internal capacity for evaluation. We will use appropriate indicators for particular goals and intervention strategies design data collection methods and tools such as surveys, focus groups, interviews, and direct observation and use appropriate secondary data sources.
